## Profile

I am an enthusiastic ICT student at Fontys with a passion for UX/UI design and IT development. I enjoy creating and refining my skills through projects and assignments. In my free time, I participate in scouting activities at Scouting Paulus Helmond and work at AH Jan Linders Mier-

## Skills

UX-RESEARCH  
TEAMWORK  
WEB-DEVELOPER  
COOMUNICATION  
FLUTTER  
JAVASCRIPT

## Experience

### UX/UI

#### Fontys

During my studies at Fontys, I collaborated with companies like Partout on research and UI design assignments.

### Development

#### Fontys

At Fontys I gained development experience in, C#, C++ and Java.

Now i am working mainly with Flutter (Dart), To create apps for IOS and Android.

## Projects

In my career at Fontys I have done some projects and would like to share one of them below.

### Fontys SoundLAB

For the Fontys Sound-LAB we created a whole new branding with our group, read more about it below.

### Partout CBR

For a assignment we made a branding for the CBR in the netherlands. This was a great opportunity for me since the CBR is a well known company. We created a website to help driver students pass their exam faster and easier.
